### Administrative Circular to UA Students

## Welcome Message for the 2025–26 Academic Year

Dear UA Students,

At Antonine University (UA), a new year starts, not as a series of classes and exams, but as a vibrant space where your projects, ideas, connections, and future can take shape. Whether you are setting foot on our campus for the first time or returning, this year is yours to define.

As you start the year, these key points will help guide you:

- **Academic Calendar:** Familiarize yourself with the key dates as early as possible. The better you know them, the more smoothly you can move forward.
- **Student Life:** From **Tuesday, September 9, to Friday, September 12**, the **Welcome Week** will open UA's doors to you. Take this opportunity to learn, connect with others, and experience campus life to the fullest. Further details can be found [here](#).
- **Administrative Procedures:** Your SIS account exists to make official requests easier. Make the most of it.
- **Communication:** Stay connected through our emails, website, and social media. These are your trusted sources of information. Remember to always act with respect and courtesy in every exchange (see more: <https://bit.ly/421AZKw> and <https://bit.ly/46aad58>).

Curious, stuck, or inspired? Our academic and administrative teams are always ready to support you.

Step into this year and turn it into an adventure.

Fr. Ziad Maatouk  
Secretary General
