WHY UA

Campuses

Virtual Tour

UA operates across three campuses in Lebanon, each aligned with the University's mission and commitment to excellence, diversity, and integrity. Together, they offer students accessible, high-quality education within dynamic and supportive learning environments.

Hadat–Baabda Main Campus

Founded in 1996 by the Antonine Maronite Order (OAM), UA's Hadat–Baabda Main Campus stands on a hill overlooking the Lebanese Presidential Palace. It serves as the University's central hub for academic, research, and student life activities.

The Campus combines a strong academic tradition with modern facilities, offering a comprehensive university experience rooted in innovation and excellence.

Offered Specializations

Nabi Ayla–Zahle Campus

Located in the Bekaa region, the Nabi Ayla–Zahle Campus reflects UA's commitment to accessibility and regional development. Established to extend higher education opportunities beyond the capital, it enables students in the region to pursue quality education close to home.

The Campus contributes to local growth by empowering students to become active contributors to their communities.

Offered Specializations

Mejdlaya–Zgharta Campus

Situated in Mejdlaya–Zgharta on the grounds of the Sarkis and Bakhos Monastery, this Campus was developed to broaden access to higher education in North Lebanon.

Over time, it has expanded its academic offerings to meet evolving community needs, providing students with a supportive environment that combines academic rigor with accessibility.

Language Proficiency

All applicants must meet a certain level of language proficiency upon graduation, depending on the program they have pursued. UA assesses students' language proficiency through a placement test or the following qualifications:

- TOEFL
- IELTS
- SAT
- DELF

Language Center

The Language Center at UA aims at fostering excellence in language learning and finding creative ways to enhance effective communication. This Center provides a wide range of high-quality language services, thus enabling individuals to develop their interpretation, translation, and transcription skills.

Language courses are available to UA students from any faculty or department. These courses are tailored to their specific needs, ensuring the success of their learning journey and aligning with job market requirements. In addition, the Center offers refresher courses in French, English, Italian, and Mandarin, designed to encourage, promote, and develop the acquisition of plurilingualism.

BRITISH COUNCIL IELTS™

A Powerful Partnership for Your Future

Take advantage of convenient on-campus IELTS training and testing through our collaboration with the British Council. Led by UA's Language Center and Office of Orientation and Admissions, the new IELTS venue will create the perfect environment for candidates to hone their language skills and achieve their academic goals.

Student Life, Services, and Facilities

At UA, we believe that the right learning environment can transform your educational experience. Consequently, we're committed to investing in you—our future students—by enhancing our facilities and academic laboratories to provide everything you need for achievement.

How can we assist and inspire you on your journey? Our welcoming atmosphere encourages you to share your thoughts and interests. Not only do we support you to excel academically, but we also help you remove any barriers that may hinder your learning.

Your well-being, safety, and positive integration are our top priorities. Have any suggestions or concerns? Our doors are always open! Let's create a memorable and impactful university experience!

Student Involvement

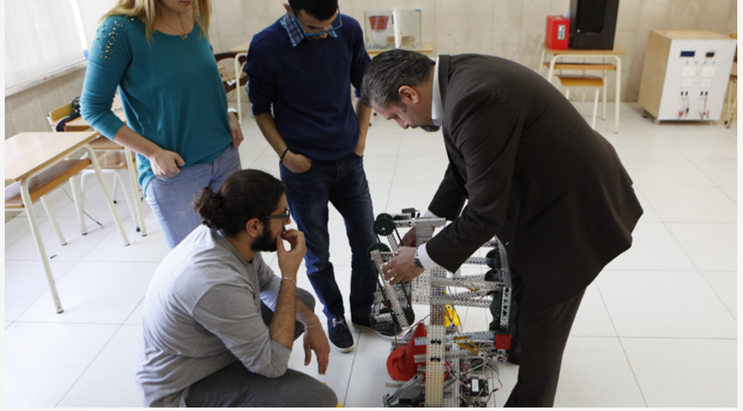

Are you interested in theater, dancing, music, reading, photography, nature, or sports? When you choose UA for a higher education experience, you also choose to immerse yourself in our culture of involvement. Student commitment on campus is the key to having a memorable and rewarding experience at UA. Clubs and volunteer opportunities are plentiful both on and off campus.

Academic and Teaching Laboratories

UA offers a range of specialized labs that are accessible exclusively to students in the relevant field of study. In these labs, they can conduct experiments, build prototypes, get help with their projects and coursework, and meet like-minded students and faculty.

The purpose of these labs is to bridge the gap between academic theory and real-world practices, allowing students and researchers to work hands-on with cutting-edge methodologies.

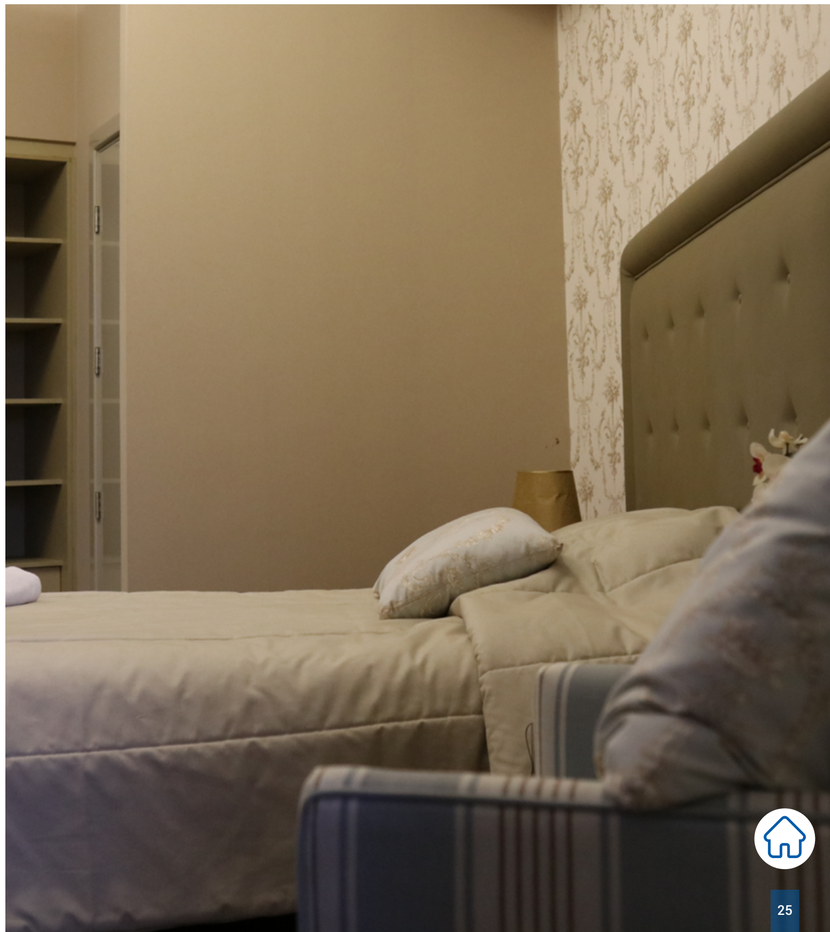

Housing

Live, learn, and grow alongside your peers while creating strong and lasting friendships.

Transportation to and from the university can be an exhausting task, especially for international students and those living in distant areas. Therefore, UA offers on-campus housing to provide you with accommodation throughout your academic path.

Learn more about student housing.

University Sports

As a pioneer in the sports field, UA encourages its community to get involved in the activities it offers. The Office of Athletics plays a vital role in promoting a healthy campus life by encouraging students to be part of various sports activities such as football, futsal, basketball, volleyball, badminton, track and field, and table tennis.

Learn more about the Office of Athletics and its activities.

Library

The UA Library is committed to delivering a user-centered approach across its programs and services, catering to the needs of its community in both physical and online realms. While acknowledging our role in serving a global community through our vast resources and digital collections, the primary focus of the Library is to meet the needs of UA students, faculty, and staff.

Learn more about the UA Library.

Center for Career Development

The mission of the Center for Career Development (CCD) is to prepare students who embark on their educational journey at UA for the workplace of the future. It assists them in developing self-awareness and establishing connections with the outside world, equipping them with the skills and tools necessary for work-life integration.

The CCD offers opportunities for students to secure part-time jobs within the University and helps recent graduates in finding full-time employment in their chosen career fields at reputable organizations. The Center also supports UA students and alumni in their job placement through specialized events and activities. This includes facilitating networking with several companies across different sectors through counseling meetings, mock interviews, personalized interviews, recruitment days, and training sessions.

Visit the CCD website to learn more about the wide range of activities and services available.
